When I get home I'm gonna sit on my bed When I get home The feed back in my head When I get home I won't answer the phone

But right now, right now I'm here on the road.

When I get home
I'm gonna touch your hair
When I get home
I'm gonna touch you there
When I get home
I'll be on top of you

But right now, right now, right now I'm here on my own.

When I get home
I knew it ain't no sceen
When I get home
You knew I take of my skin
When I get home
I dance around in my doors

But right now, right now, right now I'm cruisin' alone.

When I get home I'm gonna see my girls When I get home I'm gonna buy them a toy When I get home There gonna jump with joy

But right now, right now, right now I'm flying alone
