I love the way you turning me on baby you shut it down
Playing all your favorite songs we on the covers now
And Iâ€™mma gather up inside until we see the sun is out
Girl, Iâ€™mma take you for a ride you gonna want
another round

I know what you like no need to be viewed
Searching your body feeling on you
Tell me you love it I know that you do
I can tell by the way you said this feelingâ€™s new
I donâ€™t think I donâ€™t want some of you too
Love it when you do that thing that you do
Riding on top donâ€™t you stop continue
â€™Cause this is how it feels to be making love

Love
Weâ€™ll be making love
We will fall in love
Weâ€™ll be making love
Just for one night

Hold up, baby girl just slow your tempo
I wanna make this â€¦ have you sing it if I said though
Baby girl you bad so I would love it if you let go
So letâ€™s just run the bad have a love making echo
And I knew you were the truth
This a picture perfect moment and your body living
proof
Making love until weâ€™re paralyzed, still Iâ€™m feeling
used
Sex game is so good make a man say I do
Wait just a minute â€™cause I hope thereâ€™s no
confusion
You badder than the rest but letâ€™s not jump to no
conclusion
Yes you got me drunk â€™cause your body so seducing
Lights, camera, action and youâ€™re the one Iâ€™m
viewing
Loss â€¦ started off with the lust
Trust you canâ€™t spell that without us
Shush, take your clothes off, open up

Rough, I know that's how you like it but tonight we're
making

Love
We'll be making love
We will fall in love
We'll be making love
Just for one night

Promise you that I'll free you
Just make sure that what we do
Stays between us no need to
Tell nobody else baby
If you know what I mean
Love you like we're dying
Girl you're so mesmerizing
Get on top and ride me

Love
We'll be making love
We will fall in love
We'll be making love
Just for one night
