I'm 21 barely 22 and why do I feel like I've paid all my dues
I've never tried heroin, I've never done time
So why do I feel like I've committed the crimes
He got me drunk and laid me down he treated me like a
servent beaten to the ground
So now I'm scared straight can I procreate I just can't say
I never should have shaved

Don't say everything's fine when your life is like
A clear blue glass of water
And don't say everyone's kind when you say you love
Her and then you're a goner

So now I'm fine thank God for your time
I can lay in my bed and waste a different part of my
Mind I made a promise I looked up to the sky
repeated positivity to all mankind
So now I'm straight and I can procreate but I just
Can't say say I never got laid

CHORUS 2x

And these are the things I'd like to forget
I go out every night and regret everything and
everyone I've done

CHORUS 3x
