Have I once judged a bad man?
Now a good man down, oh, down
I've always been a neutral woman
What you see is what you get, my dear

And I haven't known him forever
But I say each and every insecurity

So hey, don't be fake
Child, you'll break
And everybody sees right through you

Did you know?
I believe you're my lucky star
Did you know?
I believe you're my lucky scar

Try to be young and free
But forget it in this diseased society
Telling me to grow old
And to love each and every one of my foes

So hey, don't be fake
Child, you'll break
And everybody sees right through you

Did you know?
I believe you're my lucky star
Did you know?
I believe you're my lucky scar

So hey, don't be fake
Child, you'll break
And everybody sees right through you

Did you know?
I believe you're my lucky star
Did you know?
I believe you're my lucky scar

Did you know?
I believe you're my lucky star

Did you know?
I believe you're my lucky scar
