We Know by Solstice Duo I had a dream  
You came along with me  
We could be free  
From all the pain we've been thru

I had a dream  
Just me and you  
Without any doubts  
Without silly games, 'Cause

What if I was stronger  
What if I was wiser  
What if we were just friends  
Eee Eee Eee living - life

Through every moment  
Through every step in life  
Do we look at each other?  
Just look at each other

'Cause we know, we know  
It could be better  
'Cause we know, we know  
It should be better
