I want the sun, I want the moon
I curse the devil, I curse god
I deny hell, I deny heaven
My curse will not be broken, ever!
I will torture god in heaven if he won't bend to his knees
I will slay the devil in hell if he doesn't grant my needs
I'll achieve it all, you're to fall and die this night
This is the seventh night, it may even cost my life
Beyond all good, beyond all evil, beyond all love and
all the hate
Beyond your fate, beyond my hate, your tragic end I
now await
God in your heaven, hear what I say
Devil in hell, grant all for which I pray
On the first night: bosatsu towards the south
On the second: kannon towards the west
On the third night: seishi towards the east
On the fourth: amida in the north
On the night of the seventh rite
I want the sun, I want the moon
I want the day turned into night
I spit at heaven and I spit at hell
I stalk the night, 42 49
I stalk the night, fear my hate, fear my bite
Icons of the almighty shall be crushed, the nails I
thrust, then you bleed
I'll weed out the unfit, I'll curse every follower of that
creed
After midnight fall I'll dig their graves, a pit for weak
and feeble slaves
All the words of power are said, dressed in white my
lips are red
God in your heaven...
On the fifth night: gundali gouzanze
On the sixth night: kongoyasha
On the seventh come chuzonfudo
The seventh night completes the rite
On the night of the seventh rite...
I stalk the night...
No time to beg
Goko crushes the legs
Stab the chest with sanko

Smash the head with dokko
Blood on the sword of fudo
Skinned and bled
Your blood will be shed
Bleed! caught by
