You remind me of the time  
That I didn't get to sleep for hours and hours  
Coz you were on my mind  
And when you're on my mind I tend to  
Kiss you every chance I get  
Write your name in my songs so I wouldn't forget  
That night we were together  
But now it's over do you want me closer

'Cause I'm leaving on a jet plane  
For all I know when I get back  
You won't be there to miss me  
Won't you kiss me  
And all I can do is pretend that I'm still with you

So close your eyes  
Girl, I'll take you flying  
You know I'm dying to see you now  
And I feel like the world is ending when you leave me  
And all I can do is  
Sing this song to you  
Coz baby I'm just so in love with you

Lovesick  
You know I'm trying not to get my mind sick  
Of you coz girl I really wanna do it to you  
So don't you tell me now to quit this  
Coz baby I'll miss this coz  
I kiss you every chance I get  
Write your name in my songs so I wouldn't forget  
That night we were together  
I held your hips, you kissed my lips  
I can't take this  
For all I know when I get back  
You won't be there to miss me  
Won't you kiss me  
And all I can do is pretend that I'm still with you

So close your eyes  
Girl, I'll take you flying  
You know I'm dying to see you now

And I feel like the world is ending when you leave me  
And all I can do is  
Sing this song to you  
Coz baby I'm just so in love with you

Close your eyes  
Girl, I'll take you flying  
You know I'm dying to see you now  
And I feel like the world is ending when you leave me  
And all I can do is  
Sing this song to you  
Coz baby I'm just so in love with you

Sing this song to you  
Coz baby I'm just so in love with you
