Paint your face, Cover the black heads  
Short top, bulging up your saggy tits  
Cut your skirt just a little bit shorter,  
Don't you wanna?  
Toilet paper, going down your top  
Do ever think about, bringing out some condoms  
When you aim to go out and get fucked  
Fucked all night long  
Wearing No Un-Der-Wear  
To slip it in and bang bang  
And tattooed on her butt cheeks  
Fuck Me.  
Everybody here comes in your face  
Your wanting everybody looking on in your direction  
Have you looked at your skin complexion  
How could I ever put my dick in you?  
Bitchin erected muscle lickin  
Think I'd rather be chokin my chicken  
Do you ever think about who your fuckin,  
Fucked all night long  
I see  
That you don't want to be safe  
Protection gets in your way  
I don't want this disease,  
So...  
Sucking off in the toilet  
That door has, your name, written on it  
You fuck there more every night now  
Everything in town.  
Semen, dripping from your eyelids  
Running down your cheek your rancid.  
Tattooed insert across your lips  
I am disgusted.  
Wearing No Un-Der-Wear  
To slip it in and bang bang  
And tattooed on her butt cheeks  
FUCK ME.  
Everybody here comes in your face  
Your wanting everybody looking on in your direction  
Have you looked at your skin complexion  
How could I ever put my dick in you?  
Bitchin erected muscle lickin

Think I'd rather be chokin my chicken  
Do you ever think about who your fuckin,  
Fucked all night long  
I see  
That you don't want to be safe  
Protection gets in your way  
I don't want this disease,  
So...  
So what do you do?  
Go out and get fucked by ten different men  
Then go and brag to your friends  
Do you think that makes you a better person?  
Please tell me what you were like as a virgin  
Just an easy whore,  
Open the door and come in,  
Let the transmitting begin.  
Do you ever think about the people your fucking  
Bet you laugh at them thinking they got lucky  
May aswell strap an advert to your back saying  
Fuck Me, Free Disease  
Stupefied Bitch  
Open Legs  
Insert Quick  
Philosophy of a slut  
You're such a Fool  
You're such the  
You're such a Fool  
You're such the  
You're such a Fool  
You're such the  
You're such a Fool  
You're such the Fool  
I see that you don't want to be safe  
Your on a carrousel with no horses  
You just slide up and down on the poles  
You're such a Fool  
You're such the  
You're such a Fool  
You're such the  
You're such a Fool  
You're such the  
You're such a Fool  
You're such the  
You're such a Fool  
You're such the Fool
