Starry night, sunny days
I always thought that love should be that way
Then comes a time that you're really in doubt
You've loved all you can and now you're all loved out
Ooo baby we've been a long long way
And who's to say were we'll be tomorrow
Well my heart says no
But my mind says it's so
We've got a love
Is it a love to stay

Chorus
We've got a wham bam shang-a-lang and a sha-la-la-la
thing (x2)

Looking at you I wanted to say
I think a little emotion goes a long long way
Careful now don't get caught in your dreams
Look out baby this is not what it seems
Ooo baby you've been so good to me.

But Please don't make it what it's not.
Well, I thought we agreed on what we need
so listen to me I'll tell you what we got

we got to Wham Bam Shang a lang and sha la la la
thing (x2)

I think you're seeing what I've been saying, cause I
hear you

singing to the tune I am playing
Now that it's said and we both understand, let's say our

goodbyes before it gets out of hand
Bye Bye , Baby I'd really love to stay
but we'll remember the best Time in our Lives

We Got to wham bam shang a lang and sha la la la la
thing(repeat to

fade)
