"Reason To Be"

You wake with the moonlight, start a new page
Get on the saddle, it's time to arrange
Your thoughts, your mind, can't waste any time
This is your god given day

What do you live for?
Do you remember your dreams?
You can't fool anybody
This is your Reason to be

Take not what you want but what you need
Ready, your guns, and start to believe
No turning back now, take the right steps
Ride out your plans for this test

The answer runs right through your veins
Will you use it?
Or will you
Throw it away
Throw it away
Throw it away
Throw it away
Throw it away

This is your Reason to be
This is your Reason to be
