4. Release

Your moves, seem to flow through me
For years, I've shown that I've cared
With trust, I'll follow when you lead
To respect, all that is there

When sleep comes, I'm haunted by every thought of
you
A message reveals itself

The stare, over an ocean
Grants, the ending of need
Release, all of your worries
No need, to where you are now

When sleep comes, I'm haunted by every thought of
you
A message reveals itself

Wait for your reply
Ask don't wonder why
Pause then touch the sky

When sleep comes, I'm haunted by every thought of
you
A message reveals itself as it comes to truth
When I wake I see you there, on my other side
We can take this anywhere, smile, for were alive

Beneath, all of your covers
Shines, infinite grace
And now, on fallen borders
At peace, the sun on your face
