I love the radio It always plays a good selection I never hear the same song twice I never hear the same song twice And I never touch the dial There's too much anticipation What will they play next It's sure to be the coolest What will they play next It's sure to be the coolest And I love the radio Chorus: It's so entertaining It's so captivating It's so amusing And it's so confusing When I don't know what to do I go to Tower and I try to choose But I can count on 106.5 To be my trusty guide I love music television I don't think I could live without it The videos are so rad and so original The videos are so rad and so original I'm glad they play them all day long So I can hear and see my favorite songs It's more than music, It's fashion, too It's more than music. It's fashion, too And I love music television [Repeat Chorus Twice]
