One night that's all it took for you  
Don't wanna wait forever  
One night that's all I've got from you

We can leave it all behind  
Know you wanna do it  
Turn around and make up your mind  
Love will come to you  
Cause you make me feel the way I do

Baby  
don't stop moving around and around  
Never I say you need it baby  
don't stop moving around and around  
you make me feel so good

One day is all I want from you  
we can be together  
one day and we can make it through

We can leave it all behind  
Know you wanna do it  
Turn around and make up your mind  
Love will come to you  
Cause you make me feel the way I do

Baby  
don't stop moving around and around  
Never I say you need it baby  
don't stop moving around and around  
you make me feel so good

Baby  
don't stop moving around and around  
Never I say you need it baby  
don't stop moving around and around  
you make me feel so good

Better make up your mind  
we can make it till the end of time  
Cause I will be waiting

You know I needed

Baby  
don't stop moving around and around  
Never I say you need it baby  
don't stop moving around and around  
you make me feel so good

Baby  
don't stop moving around and around  
Never I say you need it baby  
don't stop moving around and around  
you make me feel so good
