You're my everything underneath the sun

You're my everything rolled up into one

You're my only dream, my only real reality

You're my idea of a perfect personality

You're my everything, everything I need

You're the song I sing and the book I read

You're a way beyond belief and just to make it brief

You're my winter, summer, spring, my everything

You're my everything (everything I need)

You're the song I sing and the book I read

You're a way beyond belief and just to make it brief

You're my winter, summer, spring, my everything
