She doesn't know how much she helped me to grow
And the words are lost in my mouth

Then she taught me to look inside myself and she
Doesn't know how much I hurt myself

She&Me;
Me&She;

We aren't we
Anymore

She and me we don't talk much it's true
We just don't talk that isn't new

And she doesn't know how happy she makes me when
she
Talks to me I fly away

She&Me;
Me&She;

We aren't we
Anymore
Anymore(...)
