[J57] On the real/reel I drop a hook with a strong line

me And the drummer is a doctor in the audible Out of  
every new producer; we the shit, they horrible There's  
money on your head so don't forget I told ya Ill bills  
leave you slaine, lethal like La Coka Nostra [Koncept]  
Koncept complex always spittin complicated try to  
touch the mic, your life is what I confiscated don't  
always have to crush it, but I feel obligated raw talent  
cause your balance, not related alter ego's hidden in  
the dark like Clark Kent art tends to be on walls, stalls  
and a park bench spark gems, you coming close is far  
fetched we always in the light, your just there to  
bartend [The Audible Doctor scratches] "If it's hot, it's  
undeniable what you need to do is step back only way  
you take my spot is with a shot bend you in half and  
drink a genuine draft br-br-br-br-b-brown bag" 2x [Soul  
Khan] Now, wait a pussy-lickin' second I could be  
gettin' naked with the woman of your dreams but it  
seems I've been elected as the, grand inquisitor on  
behalf of listeners who want back the half a chance that  
they've given ya beg for forgiveness professor of  
slickness who the fuck made rap the Special Olympics?  
here's a suggestion for you corny weak posers you  
wanna be dooper? get a forty leaf clover [The Audible  
Doctor] Truthfully I'm off the rocker like how bouncers  
pull on groupies see we move with speed equivalent to  
cheetahs when it's time to feed and I don't need, your  
support I'll be doing this for free even if there's no  
money involved, you'll still be seeing me weaving

from those who look the part but can't flip flows you fly  
like an with it's wings clipped we came to bring it to the  
next level with every song we sing kid [The Audible  
Doctor scratches] "If it's hot, it's undeniable what you  
need to do is step back only way you take my spot is  
with a shot bend you in half and drink a genuine draft  
br-br-br-br-b-brown bag" 2x
