How can I forget the things that I,
I still regret, I'm wasted
How can I forget the things that I,
I still regret, I'm wasted

Digest this bitter pill, I close my eyes
Cold sweats, I feel the chill inside
I descend into the abyss of a sin
Recalled decisions that I made within
This sense of guilt
Building up deep inside
Respect of the man
I once knew slowly dies

How can I forget the things that I,
I still regret, I'm wasted
How can I forget the things that I,
I still regret, I'm wasted

Confined to sleepless nights
My past will haunt (will haunt, will haunt)
My constant shadow fights, I fall
As time stands still
Memories just stay alive
My head hangs low
From the lack of disguise
The weakness slowly
Dismembers my soul
Can't find exactly
Where I lost control

How can I forget the things that I,
I still regret, I'm wasted
How can I forget the things that I,
I still regret, I'm wasted

How can I forget the things that I,
I still regret, I'm wasted
How can I forget the things that I,
I still regret
