

Silent Circle "Shy Girl"

Visit "[Shy Girl](#)" on MotoLyrics.com

Dancing by yourself every night,
Waiting for the glimpse of the lights
Nah-nah-nah
Looking into sparkling eyes,
Telling you the sweetest lies
Nah-nah-nah

You feel the heat,
Want to be free
Try to escape someone's coming

Shy girl (shy, shy girl) (3x)
Shy girl

He says I've been watching you,
In my mind I'm feeling blue
Nah-nah-nah
Maybe we all want the same,
Maybe it's the rule of the game
Nah-nah-nah

We feel the heat
Like as can meet
We got the right to illusions

Shy girl (shy, shy girl)
Shy girl
Shy girl (shy, shy girl) (2x)
