It's a cold night  
Rain piercing my heart  
Close my eyes and hear the wind  
Close my soul and hear the scream

[Chorus - 2x]  
Storm  
Born in the storm  
Child of the storm  
Bringing the storm

Charge of lightning burns  
The sky above my eyes  
My hopes are drowning in the mist  
And the sun inside me dies

[Chorus - 2x]

A Storm arises in my head  
My soul is gone  
I wake up dead

[Chorus - 3x]

I'm dead in the storm
