You and I
Have been together for so many years
Most of the time we were happy
Some of the time we are sad
But it brings us closer together
To remember the good times we've had

You and I
Have seen so many friends go by the way
Some of them parted as strangers
Not even sharing a smile
But most of them left with a lover
Hurting each other in style

Climbing higher over life's mountain
Rolling on the deep sea of love
You and I cannot see how it is gonna be
Through a life of love
Don't let this feeling be jaded
Don't let this love go astray
Just as we find tomorrow
Needs more love than yesterday

Most of the time we were happy
Some of the time we are sad
But it brings us closer together
To remember the good times we've had

Climbing higher over life's mountain
Rolling on the deep sea of love
You and I cannot see into the mystery
Of a life of love
Don't let this feeling be jaded
Don't let this love go astray
Just as we find tomorrow
Needs more love than yesterday
