(Let's go)  
I'm the fool (I'm the fool forget, I'm in for you)

[Olivia:]  
I've had enough  
But you're still here  
I've blocked your number  
But the message ain't clear  
You don't give up  
Do-oooh you dear  
I'm gonna close my eyes  
And wish you'd disappear

[Little Nikki:]  
I can't believe I used to  
Worship at your feet  
I heard you hollering  
I didn't miss a beat  
I shoulda known that you  
Was just another freak  
(Oh-oh-oh, oh-oh-oh)

[Chorus:]  
Oh, oh, oh, shoulda known better  
Than crying all the time on you  
Oh, oh, I told you know pressure  
But you still won't invite me  
Yeah baby bite me  
Oh, so take back your sweater  
'Cause it only reminds me of you  
Yeah, I shoulda known better  
Cause when the guys into sci-fi  
Baby bye-bye

(I'm the fool forget, I'm over you. I'm so over you, I'm  
so over you).

[Olivia:]  
This ain't Glee  
I'm back on The Wire  
If it were Twilight

I'd be a vampire  
I'll suck your blood  
And spit you out higher  
I'm done with all you fricking second-rate liars

[Izzy B:]  
I can't believe  
I used to think that you were hot  
Just sitting pretty  
While you played on your X-Box  
Took twenty-seven days  
To realise that sucks  
(Oh-oh-oh, oh-oh-oh)

[Chorus]

(I'm the fool forget, I'm over you. I'm so over you, I'm  
so over you).

[Twizzle:]  
She know's I'm a get it, I'm a go get her  
Thought you was my rider girl  
What-do-you mean you shoulda known better  
She won't answer my calls  
Says I take her 'for a fool'  
You think I'm meeting girls  
While I'm out here making moves  
Nah baby that ain't cool  
We used to watch movies, chilling out  
Now when I BB you, you ain't pinging back  
And I ain't feeling that (No)  
Cause I need you, I know you ain't a fool  
I never tried to mislead you

[Chorus]

I'm the fool for wasting time on you. (I'm the fool  
forget, I'm over you).  
I'm the fool for crying over you (I'm so over you, I'm so  
over you). [x2]
