KARIM:

(You should know)
You should know what Iâ€™m feeling
That nothingâ€™s gonna stop me tonight
You and me
Me and you
I know exactly what I want us to do

Come with me
Iâ€™ll show you what you need
Possibly
This night will set you free.

Do you wanna tell me the reason why
Do you wanna do it, do it tonight

I wanna do it tonight
You wanna do it tonight
Weâ€™re gonna do it tonight
Better do it right x2

TOGETHER:

I wanna do it tonight
You wanna do it tonight
Weâ€™re gonna do it tonight
Better do it right x2

ÃRIS:

I donâ€™t need to tell you the reason why
It doesnâ€™t matter even how hard you try
You should know
Iâ€™m not feeling
The heat you think youâ€™re giving tonight
Me and you
You and me
Weâ€™re never ever going to be

Let me be

IÂ´m not the thing you need
Hopefully
YouÂ´ll walk away from me

KARIM:

Cause everybodyÂ´'s looking at you right now
Your body is making me crazy
IÂ´m trying to get to you somehow
I want you, I want you so bad

The game you play on me
Is whatÂ´'s keeping me up all night
I just want you to see
That itÂ´'s burning deep inside

ÃRIS:

Mmmm, I changed my mind.

TOGETHER:

I wanna do it tonight
You wanna do it tonight
WeÂ´re gonna do it tonight
Better do it right X4

Do you wanna tell me the reason why
(Do you wanna, do you, do you wanna)
Do you wanna do it, do it tonight

Mmm yeah yeah

Do you wanna tell me the reason why
(Do you wanna, do you, do you wanna)
Do you wanna do it, do it tonight
