woah oh woah oh oo wo-o-o-o-o  
woah oh woah oh oo wo-o-o-o-o  
How can I wrap into words  
So majestic a God as you  
Who takes my old ways and makes them new  
Lord I am new in you

There's no other way to this love I know  
There's no other way to this love I show  
But in you

and All I know is you are the way  
you are the way yeah  
and All I know is you are the way  
you are the way yeah

woah oh woah oh oo wo-o-o-o-o  
woah oh woah oh oo wo-o-o-o-o

How can I tell all the world  
All the changes you've made in me  
You've set me aside to tell what it is  
what it is you've done in me

There's no other way to this love I know  
There's no other way to this love I show  
But in you

and All I know is you are the way  
you are the way yeah  
and All I know is you are the way  
you are the way yeah  
and All I know is you are the way  
you are the way yeah  
and All I know is you are the way  
you are the way yeah

I can't be close  
I can't be found  
I can't be anything but by you (oh by you)

I can't be close  
I can't be found  
I can't be close to the Father  
But by you  
I'll never know hope until I'm found in you  
I wanna search every secret of your truth  
I can't be close to the Father  
But by you  
I'll never know hope until I'm found in you  
I'll never stop chasing after you

woah oh woah oh oo wo-o-o-o-o  
woah oh woah oh oo wo-o-o-o-o
