Eternal King
we bless your name
for you were and, you are,
and forever you will be praised
In this place and lord our hearts are yielded
They're given only to you God

There is none righteous
There is non worthy
there is none holy
but you the king
I will live my life
to sing of your wonder
to shout of you glory
so creation will hear you
We want the world to hear yeah

Sovereign King
This heart is free
from the death that I was born into
To put your grace
out on display
And in response
I can't help but sing you praise God

cause' there is none righteous
There is none worthy
there is none holy
but you the king
I will live my life
to sing of your wonder
to shout of you glory
so creation will hear you God
We want the world to hear yeah

Hallelujah we sing
Hallelujah we cry
Hallelujah we're living for your name Jesus

Hallelujah we sing
Hallelujah we cry

Hallelujah we're living for your name

Hallelujah we sing
Hallelujah we cry
Hallelujah we're living for your name

Hallelujah we sing
Hallelujah we cry
Hallelujah we're living for your name

There is none righteous
There is none worthy
there is none holy
but you the king
I will live my life
to sing of your wonder
to shout of you glory
so creation will hear you God
We want the world to hear yeah
We want the world to hear yeah
