Deep  
Feel my heart burning

Deep inside... yearning

I know it is coming  
A fettered heart, waking

Tainted youth, fading

Leave it all behind

Delirious again

Mesmerize my senses

Souls entwine one more time  
All our times will come

Certain oblivion

Leaving nothing but the memories of

All the things you give

They're all you'll leave behind

Within their mind  
Open laughter held in distant days  
Eternal stars have changed

I know that it can't be the same

There's no lament for you tonight  
Feel my heart burning

Deep inside... yearning

I know it is coming  
All our times will come

Certain oblivion

Leaving nothing but the memories of

All the things you give

They're all you'll leave behind

Within their mind

Time recedes every day

You can search your soul but you won't see

As we pass ever on, on our way

Towards some blank infinity
