Don't look back
To the days of yester-year
You cannot live on in the past
Don't look back

An' I've known so many people
They're still tryin' to live on in the past
Don't look back, whoa no-oh

If I could call back
All those days of yester-year
I would never grow old
And I'd never be poor
But darlin', those days are gone
Oh yeah

Stop dreaming
And live on in the future
But darlin', a-don't look back
Whoa, no-no
Don't look back
FADES-
Whoa-whoa
