Started a search to no avail  
A light that shines behind the veil tryin' to find it  
And all around us everywhere  
Is all that we could ever share if only we could see it

Feels there's truth that's beyond me  
Life ever changin' weaving destiny

It feels like I'm flyin' above you  
Dream that I'm dyin' to find the truth  
Seems that you're tryin' to bring me down  
Back down to earth, back down to earth

Layers of dust and yesterdays  
Shadows fadin' in the haze of what I couldn't say  
And though I said, my hands were tied  
Times have changed and now I find I'm free for first  
time

Feel so close to everything now  
Strange how life makes sense in time now

Feels like I'm flyin' above you  
Dream that I'm dyin' to find the truth  
Seems that you're tryin' to bring me down  
Back down to earth, back down to earth  
Back down to earth, back down to earth  
Back down
