Another day unfolds  
Still I exist  
Never felt so cold  
I never knew I was turnin' away

Though I can't explain  
I only love you now that you're missed  
As I stand in the rain  
You're screamin' go through this

Oh, I don't think, I could face  
Another sleepless night  
If I could only trace  
That elusive light

In a dreamland flight  
To your agonizing eyes  
A never ending flight  
My silent cries

Still I close my eyes and mind becomes clear  
Still I dream and there you are

How still you lie, how your eyes bring back the fear?  
Still I can't face what's goin' on in here

Everything that I've ever felt has gone  
At last my spirit breathes  
I see no point in goin' on  
So goodbye, it's time for me to leave
