"Unchained"

Unbroken, unchained,
Relentless to regain
What we have lost

A grip on reality,
Screaming deep down within me,
I count the cost

Holding on in spite of the doubt,
Always I'm trying to find it out,
We could find a way back there,
Beyond the moon, right through the air,

Always remembering,
Always remembering...

Holding on in spite of the doubt
Always I'm trying to find it out
We could find a way back there
Beyond the moon, right through the air

Always remembering,
Always remembering,
Always remembering,
Always remembering...
