Are you the one to break me?  
And did you come from nowhere?  
Tell me how you'll take me  
Will you take me elsewhere?  
Do you think you're clever?  
Sneaking up behind me  
I believe you're evil  
Do you think that I can see?

A thousand hearts that you have sewn  
Covering your body head to toe

Death comes in disguise (and fades away)  
Wears a mask that's enticing you  
Death comes in disguise (and fades away)  
Masquerading for you to view

She wreaks extinction  
As she glides into a room  
Well, there's no suspicion  
As we're blinded to the gloom  
And my hands are shaking  
Dripping wet with apathy  
Never looking over  
She's come, she's after me

A thousand hearts that you have sewn  
Covering your body head to toe

Death comes in disguise (and fades away)  
Wears a mask that's enticing you  
Death comes in disguise (and fades away)  
Masquerading for you to view

[Instrumental: Ode to Joy]

Death comes in disguise (and fades away)  
Wears a mask that's enticing you  
Death comes in disguise (and fades away)  
Masquerading for you to view  
Death comes in disguise (and fades away)  
Wears a mask that's enticing you

Death comes in disguise (and fades away)  
Masquerading for you to view
