It's too late for old dreams  
All my life I made excuses  
Recent nights, obliterated  
Sea of lights, shining on

He set me up for disappointment  
I drank enough to recite the words he wrote  
They singing in my head so long

Cold rain will fall tonight  
Cold rain will fall  
This bar knows my hip,  
The way that I tip  
This bottle right up to my lips  
And I know this feeling I drift through the ceiling  
One day out of one thousand I'd guess

His metaphors have gone to pasture  
All I got is what I have here  
Those old records don't sound the same  
Can't listen to them anyway

Cold rain will fall tonight  
Cold rain will fall  
This bar knows my hip,  
The way that I tip  
This bottle right up to my lips  
And I know this feeling I soar through the ceiling  
One day out of one thousand I'd guess  
Yeah, one day out of one thousand or less

4100 times a day  
52 weeks out of the year  
All is here and all is gone  
Nowhere to go but time to move on  
All is here and all is gone  
Nowhere to go but time to move on

Cold rain will fall tonight  
Cold rain will fall tonight  
Cold rain will fall

And I love this feeling  
When I break through the ceiling  
One day out of one thousand I'd guess  
Yeah, one day out of one thousand I'd guess  
One day out of one thousand at best
