So in love with you by Spear of destiny

All those nights when you can't hold on

Needing someone there, someone

Shooting star you'd half a life

That's why you burnt so bright

Now you don't need anyone

As a kid you lived the dream

Fitted right inside it's scheme

Through a thousand love affairs

They still deny that they cared

You're gone because they got scared

I'm so in love with you

Did your world collapse one day

Nothing left to give away

Spending hours on the phone

Don't hang up I'm on my own

I can't face it when you go

I'm so in love with you

There's an ambulance outside

Reporters hang around like flies

Waiting for a photograph

When you died you weren't alone

I guess the truth will never be known

I'm so in love with you
