(talking)

I'm sorry I never meant to hurt you  
I really didn't  
I'm so sorry  
I just want you to sit down for just a minute  
Let me talk to you

Last night we had an argument  
You told me you love me  
All the things I said I never meant  
No baby  
I didn't mean to make you cry  
I didn't mean to make you say bye bye bye  
Baby won't you let me look inside your soul  
Let me make you lose control  
Let me be the one you need  
Baby just come to me

Now tell me girl what you want from me  
Whatever it is you desire  
I wanna give my baby  
I wanna feel your body yearn  
All your softest spots I plan to learn  
Baby won't you let me just kiss you down  
Make you spin around and 'round  
Flip you girl from left to right  
If you don't mind  
Baby can I just spend the night

(talking)

You know what I'm talking about baby  
I never meant to hurt you  
I never wanted to see you cry  
So I'm right here now baby  
I'm asking you, I'm begging you  
Just give me one more chance baby

Baby won't you let me just kiss you down  
Make you spin around and 'round  
Flip you girl from left to right  
If you don't mind  
Baby can I just spend the night

Let me turn you on

Can I turn you on

Can I turn you on

Till the break of dawn baby

(repeat)

Ad lib till end
