2 G
2,000 watts
Yeah, yeah, yeah

There's a meeting in my bedroom
So girl please don't be late
There's a meeting in my bedroom
So please don't make me wait
There's a meeting in my
There's a meeting in my bedroom

Lookin' at my rolley
Girl I see it's almost time
Oh yeah, oh yeah
I hope you're getting ready girl
And don't forget the wine
How long, don't thing that you
Tonight it's just for you and I
And it's gonna be so fly
So fly, so fly, what, what, what

I like having you around
So I gotta put you down
So be there or be square

There's a meeting in my bedroom
So girl please don't be late
There's a meeting in my bedroom
So please don't make me wait
There's a meeting in my
There's a meeting in my bedroom

Step into me casa, lay you down, far far far
Got a little somethin' somethin' for my sexy mama,
mama
Been checkin' for ya since day one
You're my moon and you're my sun

Girl you're cheeky and you know
That I'm feeling your steelo
Be there or be square

There's a meeting in my bedroom
So girl please don't be late
There's a meeting in my bedroom
So please don't make me wait
There's a meeting in my
There's a meeting in my bedroom

You're everything that I've been searching for
And there's no need for me to search no more
Come into my room
Don't be late to my room

There's a meeting in my bedroom
So girl please don't be late
There's a meeting in my bedroom
So please don't make me wait
There's a meeting in my
There's a meeting in my bedroom

There's a , there's a
There's a meeting in my
There's a meeting in my bedroom
There's a meeting in my bedroom
