Show me the light
Tell me a story
And make it a good one
Out of the night
Into a new day
Under the hot sun

Stay out a night
See who you wanna see, yeah
Do what you want
But be like a woman to me
Oh!

Give all you've got
Under the moonlight
It's yours for the taking
Don't turn around
If you hear a sound
It's just my heart breaking

Do what you want
But save the last dance for me, yeah
Love is alright
But be like a woman to me
Oh!

Be like a woman
Oh!

Touching me under the starlight
Love in a warm summer breeze
Holding me when I don't feel right
This love is made out of times like these

Do what you want
But save the last dance for me, yeah
Love is alright
But be like a woman to me
Oh!

Stay out a night

See who you wanna see
Do what you want
But be like a woman to me
