Happy to be
Deep in the heart of you
Happy to see
That you feel the same way too
Don't worry baby when troubles arrive
Everything works out in time
I'm gonna ride with you right to the end of the line

Wherever we go
Whatever we do or see
I want you to know
That you can depend on me
We are in love I can tell by your eyes
Just have to give me a sign
Baby we'll ride through the night to the end of the line

Baby we'll have some hard times
Making it day by day
Love will keep us together
And we can fly away

Fly away
Fly away
