Look at me  
Drying my jeans in the sand  
They stiffen so hard  
They can stand  
In the sun  
Summer love  
Though it was real at the start  
We quietly drifted apart

Is the summer really over now  
Cause it doesn't seem to very long  
Since the perfect wave rolled by my board  
Has the summer really gone

Here I am  
Livin' a daydream for real  
This sunset at night seems to know  
How I feel  
Goin' home  
Finding it so hard to smile  
And lock up the dreams for awhile

Is the summer really over now  
Well it doesn't seem so very long  
Since the perfect wave rolled by my board  
Has the summer really gone

Is the summer really over now  
Was the spirit captured in a song  
Has the perfect wave rolled by my board  
Has the summer really gone
