Johnny wanted to be an image on the T.V.  
Livin' it up in the city  
Every night night on the town  
He threw the dice down  
Playin' it up to the crowd

When he sang to the company man  
He got better with every line  
When it came to the name of the game  
Nobody was playing in time

Johnny you gotta get streetwise  
Sha-la-la-la-la-la  
Johnny you gotta get streetwise  
Sha-la-la-la-la-la

Johnny always wanted to be a pretender  
Signing a deal to forever  
Playing all night  
But it wouldn't come right  
He just couldn't get it together

Shooting up with the rest of the band  
In the room of a lost motel  
Is it gonna get better tomorrow?  
Well Johnny, you never can tell

Johnny you gotta get streetwise  
Sha-la-la-la-la-la  
Johnny you gotta get streetwise  
Sha-la-la-la-la-la
