"Back"

The time has come for me
to say "goodbye that's all"
I've been to long to see the end
now you can take me back

My arms are torn
my legs won't bend, "Not living now"
The days are cave-in
for disorder to the leather

My eyes can see, my mouth can move
but I can't speak
The truth of you
and what you do is what I see

(guitar interlude, and repeat verse)

The blue dressed night the children shimmering
in your eyes
Your love was mine and completely
on this other side

So take me back
I know "I laughed too much for you"
a tired court
that brought me near to you

(guitar interlude)

Back
take me back
take me back
to where I belong

(repeat verse x 4).
