middle but I can't figure out why you do the things you
do. I'd never do those things to you. Everybody knows
cause you let it show, it grow and grows and grows -
just let it go!

I've been dying to say this casue I just want you to know

CHORUS
You know I'll never let you go but you gotta know just

gotta stop right there, stop right there.

You know I'll never let you go but you gotta know just
when to stop! Running around dragging me down you
gotta stop right there, stop right there.

VERSE2
I never want to lose you. You gotta want to keep me too

trust or big enough for the both of us were only two
fools in love waiting for the moment to come just to
kiss and run, baby your still my number one.

I've been dying to say this casue I just want you to
know...
