I've just set up the camera,
You're waiting in position,
Told you, I'll make you a star,
If we get this on video.

We did it on your parent's bed,
You said you loved the feeling.
You turned from being daddy's girl,
To a porn queen best seller.

Toys and dildos,
Does and don'ts,
Bondage and foot fetish,
Toys and dildos,
Does and don'ts,
You know I love it dirty.

Stripped you of your decency,
You're in for heavy petting.
I'll take you like an animal,
To take you will be begging.

Toys and dildos,
Does and don'ts,
Bondage and foot fetish,
Toys and dildos,
Does and don'ts,
You know I love it dirty.
