Hey Amber how you doing today? I left a rose right on your grave liked you asked me to. I think about you everyday. I miss your smile and those beautiful blue eyes. It's been 3 years since you left. I know that you're in a better place.

I wished that you had never left. Since the 5th grade you stuck by my side. I never had anyone like you. You protected me no matter what. And now all I can do is pray. That someday we'll meet again.

I wish I could hold you in my arms. No one can replace you for the things you've done for me. Me and you used to walk the halls hand and hand. I miss those days so much. I miss you by my side. The night you died I never cried so much.

I wished that you had never left. Since the 5th grade you stuck by my side. I never had anyone like you. You protected me no matter what. And now all I can do is pray. That someday we'll meet again.

Up in Heaven where we'll never have to part. Just me and you. And no one else.

I wish that you had never left. (Wish that you had never left) I wish you were here by my side (Wish you were here by my side) Hey Amber I can't wait to see you... Up in Heaven where we'll never part...
