He's always smiling

He never looks mean

Even when the sun comes in between

The man in the moon is smiling

'Cause he's in love

The man in the moon is smiling

'Cause he's in love with the girl in the world

She's there in the evening

She never comes late

All day she spins around

But never makes him wait

The girl in the world is smiling

'Cause she's in love with the man in the moon

When two heavenly bodies glow

All the stars agree

A planet might be born

Maybe even a galaxy

And in the morning

They don't say good-bye

But with a kiss

They blend into the sky

Oh, they're smiling

'Cause they're in love

The man in the moon is smiling

'Cause he's in love with the girl in the world

The man in the moon is smiling

'Cause he's in love with the girl in the world

Heavenly
