And now the purple dust of twilight time  
Stills across the meadows of my heart.  
High up in the sky the little stars climb,  
Always reminding me that we're apart.

You wandered down the lane and far away,  
Leaving me a song that will not die.  
Love is still is now the Stardust of yesterday.  
The music of the years gone by.

Sometimes I wonder why, I spend,  
the lonely night dreaming of a song.  
The melody hunts my revelry and  
I am once again with you when our love was new.  
And each kiss an inspiration, but that was long ago.

Now my consolation is in the Stardust of a song.  
Beside a garden wall, when stars are bright  
you are in my arms, the nightingale tells his fairy tale  
Of paradise where roses grew, though I dream in vain  
In my heart it will remain, my Stardust melody,  
The memory of loves refrain  
[Piano music]

Beside a garden wall, when stars are bright  
You are in my arms, nightingale tells his fairy tale  
Of paradise where roses grew, though I drem in vain  
In my heart it always will remain, my Stardust melody,  
The memory of loves refrain.
