I met her  
But I never thought, she'd belong to me  
I just wanted someone I could sing to  
Who'd listen to every song.  
Oh I just wanted someone I could cling to  
Cling to all night long  
So I kissed her  
But I never thought  
She'd belong to me  
And when I felt her lips I skipped a heartbeat  
Because I was so in love with this girl  
Oh and how many times does your heart meet  
The most beautiful girl in the world  
So I thought and thought about her  
I just couldn't stop thinking about her.  
And I died when she called me up and said  
That she couldn't stop thinking about me  
Now she loves me  
And I never thought she'd belong to me  
Now guys are calling wanting to be boyfriends  
But they'd going to have to answer to me  
Oh 'cos I'm going to tell all those toyfriends  
That she belongs to me.  
So I thought and I thought about her  
I just couldn't stop thinking about her  
And I died when she called me up and said  
Oh Harry, I can't stop thinking about you either baby  
Oh she loves me and I never thought she'd belong to  
me  
Now guys are calling wanting to be boyfriends  
But they're going to have to answer to me  
Oh because I'm going to tell all those toyfriends  
Oh that she, oh she, that she belongs to me.
