I know you so well

I can tell by the sound of your voice

If you're really in love with me

And you are

You are

You know I can't lie

If I say to you 'baby, I love you'

Then baby, I love you

And I do

I do

I do?could it be that's the

Phrase you thought never would phase you

Well baby, you better hold on tight

'Cause I'm the one who's supposed to

Kneel down and propose, well alright

I might, I might

So, when I kiss you good-night

Just sleep tight with the thought that you'll

Always be caught up in love with me

And you'll dream that the stars up above

Have the answer of whether we'll be

Or whether we won't be

In love?

Well, we are,

We are
