The Devil's teeth laughing in the night  
of a pale moon content with blood  
darkness is our only friend in the kingdom of decay

Here it comes again boy, you're lonely and paranoid  
who is the next one? Fuck you man!

Take your wings and fly above  
the mountains of adying planet  
discover the secrets of the flesh  
no silent wishes anymore

Here it comes again boy, you're lonely and paranoid  
who is the next one? Fuck you man!

Tell me would you ever pull the trigger  
on a last trip to hell  
tell me would you ever pull the trigger  
and the world is drowned in blood

The devil's teeth laughing in the wind  
the crying of arising age  
the secrets are unveiled, your dreams become real
