VERSE 1

Remember you from place before
The back of my mind I can't ignore
Wish that it was more than just a dream
I picture you still see your face
With no regard of time and space
Someone tell me what this really means

When I think of you I realise
There is no resistance I can't lie

CHORUS

'Cause you're
Inside outside under my skin
Can't get you out of my mind
I feel you within
I chase you like the rain
And lose you as the sun goes down

You're inside outside under my skin
Dazed and confused
Don't know where to begin
Swimming in a sea of love
And I think I'm drowning
(drowning, drowning)

VERSE 2

Searching for my piece of mind
I'll keep looking 'til I find
The answer that will lead me straight to heaven
When I do I'll be complete
It will make my life so sweet
This is where I want to be forever

When I think of you I realise
There is no resistance I can't lie

CHORUS

'Cause you're
Inside outside under my skin

Can't get you out of my mind
I feel you within
I chase you like the rain
And lose you as the sun goes down

You're inside outside under my skin
Dazed and confused
Don't know where to begin
Swimming in a sea of love
And I think I'm drowning
(drowning, drowning)

BRIDGE
Inside Outside
Inside Outside
Inside Outside
(Ah...oh...)
Inside Outside

When I think of you I realise
There is no resistance I can't hide

FINAL CHORUS
(Repeat until fade with ad-libs)
'Cause you're
Inside outside under my skin
Can't get you out of my mind
I feel you within
I chase you like the rain
And lose you as the sun goes down

You're inside outside under my skin
Dazed and confused
Don't know where to begin
Swimming in a sea of love
And I think I'm drowning
