Once upon a lovesong

When nothing could go wrong
Wasn't sure that I, wrote my name upon
Never written that, never had an answer for
a love so strong
So I say to find a way till that you belong

Chorus:

One breath away from wherever you are
One day I know I'll be back in your arms
Forever, remember, we'll always be together

I thought that I would tell you
the story of my heart
'Bout how I found the one that I was waiting for
But you know when you'll go
And I will always be

Chorus:

One breath away from wherever you are
One day I know I'll be back in your arms
Forever, remember, we'll always be together

One breath away

I'm only one breath away

One breath away

Forever forever away
Forever forever away

And if there's one thing I know
And one thing I can't be sure of

Oh baby wherever you are
I'm there in your heart to stay

One breath away
Ohhh....

One day I know

One breath, One heart
One day forever

From wherever you are
Ahhh....

One heart
One love

A lover a day.....

From wherever you are.....
