[Intro]

Y'all aint never just dreamt and pictured
Just looked at the whole situation
Cause once you look at it
You know
They don't give a fuck about us
They don't give a fuck about us
They don't give a fuck about us

[Chorus]

If I choose to ride
Thuggin' till the day I die
Nobody gives a fuck about us
But when I start to rise
A hero in they children's eyes
Now they give a fuck about us

[Verse One]

Some say niggaz is hardheaded cause we love to trick
Equipped with game so we bang with this thuggin' shit
I see ya try to hide hoping that nobody don't notice
You must always remember your still a member of the
hopeless
See you're black like me
So you snap like me
When these devils try to plot
Trap our young black seeds, look it
Cops is as crooked as the niggaz they chasing
Looking for role models
Are father figures is basis
Some say expect illuminati
Take my body to sleep
Niggaz at the party with they shotties just as rowdy as
me
Before I fix computer chips I gotta deal with brothers
flipping
I don't see no devils bleeding only black blood dripping
We can change which a mouths say
I'm watching niggaz work they lives out without pay
Whatever it takes to switch places with the bustas on
top

I'm busting shots make the world stop
They don't give a fuck about us

[Chorus]

Now if I choose to ride
Thuggin' till the day I die
Cause they don't give a fuck about us
But when I start to rise
A hero in they children's eyes
Now they give a fuck about us
If I choose to ride
Thuggin' till the day I die
Nobody gives a fuck about us
But when I start to rise
A hero in they children's eyes
Now they give a fuck about us

[Verse Two]

It's the morning after and all of our laughter is gone
Time to reflect on what you did cause they saying you
wrong
I'm sure you had your reasons, dog I don't doubt you
See the simple fact of the matters they don't give a
fuck about you
All them five mouths you forced to feed
Not including yourself
All you want is wealth they precede it as greed
So as you loaded up that mac you continue to bust
The mob was on paper thinking they don't give a fuck
about us

I'm seeing it clearer
Painting a picture in the mirror
They claim we inferior
So why the fuck these devils fear ya
I'm watching my nation die
Genocide and cause
Expect a bloodbath
The aftermath is yours
I told you last album
We need help cause we dying
Give us a chance
Help us advance cause we trying
Ignore my whole plea
Watching us in disgust
And then they beg when my guns bust
They don't give a fuck about us

[Chorus]

Now if I choose to ride
Thuggin' till the day I die

Nobody gives a fuck about us
But when I start to rise
A hero in they children's eyes
Now they give a fuck about us
If I choose to ride
Thuggin' till the day I die
Nobody gives a fuck about us
But when I start to rise
A hero in they children's eyes
Now they give a fuck about us

[Verse Three]

Now all the homies got love for me
Down to catch a slug for me
Guarantee to bleed deeply
Now that's love
Shit, nobody else would give a fuck if I'm tow down
From the floor down
6 feet deep bended cut
What the fuck done went wrong
How long will I be mourned
When I'm gone same song
And give a fuck all along
And who am I to blame 'em
Just doing die through the rain
Since they don't give a fuck I don't
Feel what I'm saying

Now thug niggaz die but multiply in doubles
Wrapped in plastic
Or closed casket
For our troubles
Present times we busted like bubbles
With the police this nation's beasts sent here to run you
Now look at what this crooked world has come to
I grew up on the other side of perfect
A life of hurting messed a hustle whistle die uncertain
So I stay up until I'm working
I see no reason so I sleep
All these seeds in the season
Why you stuck thinking that they give a fuck

You tell me that my world is in peace
Well nigga you're lying
Cause half of my niggaz long gone
Buried in the dirt just for trying
Sometimes I think my block is dying
And that it's awful
To wake up to another day
Shit aint changed that's awful
I wake up sweating, dreaming, coughing

Seeing me upside down back was head
Twisted while I'm laying in the coffin
The shit comes around so often
So tell me something
Before I take it out on the world
And get the dumping
Nigga I'll be so for bang go through the struggle
I'm doing the same thing you did at my age in as
hustling
On the edge of straight busting
What's this you don't give a fuck and you fronting?
I'm a drink my Hennessey
Like it aint nothing

[Chorus: 2X]

Now if I choose to ride
Thuggin' till the day I die
They don't give a fuck about us
The problem kicking rhymes
Getting it to they children's minds
Now they give a fuck about us
They wanna see us die
They kick us every time we try
Cause they don't give about us
To while I'm getting high
I'm watching as the world goes by
Cause they don't give a fuck about us

[Over Chorus]

If I choose to ride
Thug till I die
While I'm kicking rhymes
Getting it into they children's minds
Now they give a fuck about us
They wanna see us die
Every time we try
Cause they don't give a fuck about us
Me and my niggaz get high
Watching the world go by
Cause they don't give a fuck about us
Rise, Riiiiise
